ConvergenceCoaching® Launches New How-To Remote and Blended Work Videos

For Immediate Release:

Bellevue, NE, May 5, 2022-

ConvergenceCoaching®, LLC, a national leadership and management consulting firm that helps public accounting and consulting firms achieve success, is proud to announce the launch of the newest series, ***Winning When Working in a Remote and Blended Environment*** of their **Remote and Blended Work How-To Videos**. The Remote and Blended Work How-To Video collection was recognized earlier this year by *Accounting Today* as a Top 2022 Product.

ConvergenceCoaching® developed this new series to **support individuals in optimizing their personal remote or hybrid work model**, to maximize benefits and manage potential pitfalls. These **on-demand DIY videos** allow firms to share with their teams in smaller, manageable segments and use them over time to ensure that all team members benefit from new ways of thinking and working.

The new *Winning When Working in a Remote and Blended Environment* series is comprised of the following video segments:

- **Managing Mindset**
- **Being Transparent**
- **Clarifying Expectations**
- **Communicating to Build Your Success**
- **Creating the Right Work Environment**
- **Staying Focused and Strong**
- **Developing Your Hybrid Work Plan**

“In our quest to enable firms to truly embrace remote and blended work, firms need to empower individual team members, too,” said **Tamera Loerzel**, Partner. “Setting team members up for success in their unique and dynamic remote or hybrid setting is imperative for both the individual and the firm’s success in the here-to-stay remote and blended paradigm,” Loerzel commented.

CPA and consulting firms can access the new **Winning When Working in a Remote and Blended Environment** as an individual series or as a collection that includes all four remote and blended video learning series:

- **Winning When Working in a Remote and Blended Environment**
- **Successfully Managing a Remote and Blended Team**
- **Successfully Serving Clients and Developing Business in a Remote and Blended Environment**
- **Addressing Common Objections to Remote and Blended Work**

ConvergenceCoaching provides an array of services for firms wanting more “live” consulting or learning options to optimize their remote and blended work programs. **Contact** a member of the Convergence team to learn more about our remote consulting and instructor-led learning services, too.
